

Invoice Fuel Entry, With Costing

This screen is used by Dump Truck System users that have licensed the Enhanced version. An entry is made into the Payables section and the detail is distributed to company assets.

The fields with **red text** provide a pick list of options. Click on the **[Back]** button to exit this screen. The detail total is summarized as each line is entered. You may always click on **[Refresh]** to perform a recalculation. The **[?]** button produces this Help Guide. When satisfied with the distribution of the entries, click on **[Post This Invoice]**. The payable appears in the Vendor's Open Invoice tab. The expense detail goes to the Equipment Costing section for each unit. Click on **[New Vendor]** to add another invoice
