

# Security

The Dump Truck System provides for the ability to allow and exclude users from various screens. To access this screen, use the pull-down menu and select Action, Utilities, Security. The screen appears as shown below. All employees in the rolodex appear. The leftmost column is the database userid that is tied to the employee. Mouse clicking on the red column titles orders the screen by that column.

User Privileges (Security)

Log On ID	Emp No.	Last Name	First Name
BARNEY	RUBB	RUBBLE	BARNEY
FRED	FLIF	FLINTSTONE	FRED
	RUBBE	RUBBLE	BETTY
	FLIW	FLINTSTONE	WILMA
Back Edit Refresh			

To assign and otherwise edit permissions for a given user, double click the employee, or single click on the line and then select [Edit]. This screen shows the user BETTY RUBBLE and the permissions that are granted.

User Privileges (Security)

Emp ID: RUBBE  
Name: RUBBLE, BETTY  
Log On ID: BETTY

Area	Description	Granted User	Seq
BILLING	Billing Options	DTSEMO	4000
BILLING	Billing Screen Add/Edit	DTSEMO	4200
BILLING	Bin and Tank Billing Systems	DTSEMO	4300
BILLING	Log Incoming Tags, Ability To Edit	DTSEMO	4202
BILLING	Preliminary Forms	DTSEMO	4100

DISPATCH	Customer Jobs Screen, View Only	DTSEMO	2102
DISPATCH	Customer Jobs Screen, View Profit	DTSEMO	2101
DISPATCH	Dispatch Edit	DTSEMO	2001
DISPATCH	Dispatch Menu	DTSEMO	2000
DISPATCH	Dispatch View	DTSEMO	2010
PAYABLES	PAYABLES	DTSEMO	5000
PAYABLES	Payables, Driver Screen Access	DTSEMO	5100
PAYABLES	Payables, I.C., Ability To Delete Checks	DTSEMO	5210
PAYABLES	Payables, Independent Contractor Screen Access	DTSEMO	5200
PAYABLES	Payables, Vendors	DTSEMO	5300

Back Save Add Privilege Add Area Remove Privilege Clone < > All Go View Types

Use the **[Back]** button to exit the screen. Click on **[Save]** to commit any changes. The **[Add Privilege]** button adds a single permission. Use the **[Add Area]** to grant the entire area. Please note that when adding an entire area, the permissions to block access also come in. After adding an area, review the permissions to see if any end in 86. These options are blocked for the user. For example, 6086 Blocks All Receivable Menu options.

**[Remove Privilege]** removes the highlighted permission from the user.

**[Clone]** will copy the privileges from another user. This is handy when there is a high turnover of personnel.

### Security Permissions

This screen shows the permissions that are defined to the Dump Truck System. Contact DumpTruckSoftware.com if a particular screen or report is to have an added layer of security.

Area	Description	Seq
